## CITY COUNCIL

### Besides Routine Business Mayor Lee Sounds Another Note of Warning Concerning Extravagance

The City Council met in regular session last night at the Council Chamber, Mayor Lee in the chair, and all members present except Councilman Everett.

The Mayor reported that he had collected during the past month \$116.50 for licenses issued.

The report of the Claims and Accounts Committee was as follows:

Judge's costs	139.20
Chief's costs	43.00
Jail fees	70.40
<b>TOTAL</b>	<b>\$ 624.61</b>

#### Fines and costs paid.

<b>TOTAL</b>	<b>\$ 624.61</b>

#### Fire Department.

The Chief of the Fire Department reported nine fires. All confined in the buildings where they originated.

#### Building Permits.

The following persons were granted building permits:

To J. C. Everett & Co., to build a

one-story, iron clad, metal roof building in the rear of No. 33 East Second Street, between Market and Limestone streets.

To Thomas Johnson to build a kitchen and porch to his residence, Morrison Alley, Fifth Ward.

To Louis F. Willett to build a frame shed, one story, metal roof, in Fifth Ward.

To Mr. and Mrs. G. Wood Owens to build a two-story frame residence, shingle roof, and necessary outbuildings on lot, on West Second street, First Ward.

To D. T. Sharp to build a frame building metal roof and sides, on East Third street, Sixth Ward.

To Horace Gates to erect a one-story frame, metal roof, addition to his dwelling on West Fourth street, Second Ward.

#### Private Sewer Becomes a Public Sewer

Mr. J. B. Orr petitions Council to refund him his money for building a private sewer, when the same sewer was taken over by the city and made a public sewer. Same was referred to Grievance Committee.

Motion made by Member Arn and seconded by Member Keith that all claims be allowed except Mr. M. F. Coughlin's for building sewer. This caused a discussion and the fact was brought out that Mr. Coughlin had contracted with the City to build a sewer on a 400 foot basis for \$1700, but, as the "buts" gentle reader, it was found it took an additional 100 feet of extra wall etc., and the bill amounted to \$2,816; the last 100 feet costing over \$1000. The motion was lost. Then it was moved and seconded that a committee go over the measurements of the sewer and see if the figures are correct.

Finally, it was moved and seconded that the report of the Claims Committee be received and orders drawn for the various amounts. The motion prevailed.

The license of J. P. Clarke & Co.

It seems that at some former meeting the Council had requested the City Attorney to codify the ordinances. He had employed Mr. G. W. Adair. It appeared that Mr. Adair wanted some pay for his work. It was referred to the Mayor and City Attorney.

#### The Mayor Makes a Statement.

The Mayor made the statement that there is an indebtedness of about \$17,000 due August 1, and no money with which to meet it. That this is the first time it had ever occurred in his administration. He had given warning after warning, and he spoke very forcibly concerning the matter.

Mr. Arn made a motion that the Mayor and City Clerk, and proper officers be authorized to give a 90 day note for \$6000 to meet current expenses. Motion

## ALL EUROPE TREMBLES

### While the Mad Rulers Mobilize Their Butcher-Millions—Rivers of Human Blood Will Flow

#### England Faces Awful Crisis and Greatest Power Hesitates to Join in Greatest War

London, August 3.—All the great European powers, except Italy and the secondary powers are mobilizing with all their energy. Mobilization has not yet reached a stage where any of the armies have met in battle.

Italy, which declared her neutrality today, will begin to mobilize officially tomorrow, although the process is already well under way.

Great Britain's mobilization is nearly completed, but she has not yet announced whether she will take part in a general war or not.

#### England's Neutrality Urged.

Germany has issued a white book justifying her action with respect to Russia, and at the same time, German diplomats at London are using their utmost efforts to win Great Britain to a position of neutrality.

Few reports of actual military movement are being received, owing to the censorship.

On the one tremendous question upon the answer of which the empire and the whole world are hanging—whether the government considers that Germany's policy compels great Britain to wage war, the Foreign Secretary left an impression of doubt.

#### KITCHENER MAY BE MINISTER OF WAR.

London, August 3.—A strong belief was prevalent here today that Marshal Earl Kitchener is about to be appointed British minister of war. His return to his post in Egypt was cancelled today.

#### MARTIAL LAW IN BELGIUM.

Antwerp, Belgium, August 3.—Martial law was proclaimed here today and all business was at once suspended.

#### GERMANS DEFEAT RUSSIANS IN FIRST NAVAL BATTLE.

Stockholm, August 3.—A battle was fought yesterday between the German and Russian fleets off the coast of the Baltic.

The Russians were driven back and have taken refuge in the Gulf of Finland.

#### BELGIUM APPEALS TO ENGLAND.

London, August 3.—Sir Edward Grey announced in the House of Commons today that a telegram from the King of the Belgians made a supreme appeal to Great Britain to safeguard the integrity of Belgium.

#### WAR BULLETINS.

German troops invade Russian Poland occupying town of Kalisz.

German army violates neutrality of Belgium, of which Great Britain is protector. German troops occupy Belgian town of Arlon.

Belgium refuses to consider ultimatum offering certain agreement with Germany in case Belgium agreed to facilitate movements of German army.

So grave is the situation regarded that a coalition government of all parties probably will be formed in the British Isles, while it is generally expected that Field Marshal Earl Kitchener is to be appointed minister of war.

Dowager Empress Maria of Russia is stopped by Germans in Berlin on way to Russia and told to return to London or go to Denmark.

Russian naval port of Libau on the Baltic is bombarded by German cruiser, which also is engaged with a Russian cruiser.

German fleet is reported sailing into the North Sea, where the British fleet is concentrated.

German ambassador has not left Paris.

Fighting between Russian and German cavalry patrols on frontier results in slight losses.

French officers are reported to have attempted to cross the Dutch frontier into Germany, but unsuccessfully.

French airmen said to have made daring flights over German territory.

German cavalry reported to have crossed the French frontier near Beaufort and tried to commandeer horses.

Martial law is proclaimed throughout France where the mobilization and concentration of the various armies have been carried out satisfactorily.

German authorities accuse French of violating neutrality and of crossing the frontiers before the declaration of war.

Neutral Luxembourg is occupied by 100,000 German troops.

Hon. Charles D. Pearce of Anchorage, near Louisville, was here on business yesterday.

## SUPREME LODGE OF K. OF P. MEETS TODAY

Golden Jubilee Year Convention Will Be Held In Winnipeg, Canada.

When the Supreme Lodge Knights of Pythias meets in Winnipeg, Manitoba Tuesday, August 4, for its Golden Jubilee Year Convention, a distinguished body of men representing every State, province and territory in North America, will inaugurate a session of legislation whose results will be of vital interest to three-quarters of a million men in the 8,000 lodges of the order.

It will be the second time in the history of the order that a session of the Supreme Lodge has been held outside the United States, the exception being the meeting in Toronto in 1886.

In 1886 the order had 2,700 lodges and 184,000 members.

Hon. Thomas J. Carlin, of Macon, Ga., will preside, he having succeeded Hon. George M. Hanson, a Justice of the Supreme Court of Maine, as Supreme Chancellor, at Denver, two years ago. The administration of "Uncle Tom," as the leader is lovingly and popularly known, has been in many respects a remarkable one, and the order has a higher rating than ever before. The reports will indicate a biennium of great prosperity and notable achievement.

The order has assets of more than \$19,000,000 and an annual income of \$7,000,000. One feature of its service is the relief of needy members and their families, and in this department there has been expended the immense sum of \$41,000,000. This does not include the cost of maintaining Pythian Homes in a dozen States, nor the expenditures for relief by lodges under immediate control. It is noted that at least \$6,000,000 is invested in Pythian Homes for aged members, for Pythian widows and for Pythian orphans, and in Pythian temples and castle halls.

The insurance department of the order, protecting the homes of members, is managed by a Board of Control, elected by the Supreme Lodge, and of which Hon. Union B. Hunt, of Indiana, is president. This branch has \$6,000,000 assets, and insurance of \$99,000,000. Since its organization in 1877 it has paid 20,076 claims, amounting to \$37,000,000.

## AND WHAT WILL BE THE FATE OF "DER KAISER?"

For forty years Germany has kept the peace. For forty years the weight and prestige of her armaments; the solidarity of her people; the splendor of her civilization; the popularity of her success; the amazement at a growth, lusty, virile, intelligent, educated, have held Europe in check, and, plainly speaking, in terror.

When the young Kaiser came to the throne wise men shook their heads.

When, dispensing none too gently with Bismarck, he himself seized the reins of power, there was consternation in every chancellery and cowardice on every bourse. The memory of the Terrible Year was young. The glorious records of a campaign unparalleled were fresh. And he had had no share in them. Surely, men said, surely this Hohenzollern will follow Hohenzollern tradition. His grandfather was the "Greise," and his father the "Weise"—what sobriquet will he earn? And they called him the "Reise."

Up and down in Europe went this bundle of energy; this focus of conflagration; this most disturbing of rulers. He could rattle the sword with any man—but never once did he draw it. He could throw the saber in the balance, scabbard and all, and never without scabbard. Agadir was the one false step, and from Agadir he withdrew. And all the time he "drummed" for the Empire and boasted and stimulated and jollied—we mean no disrespect—and built up a marvel of commercial supremacy that gave Great Britain pause and worried the United States.

The Kaiser has declared war. To an unequal combat he challenges Russia and France. Great Britain, their nearest friend, may become involved. Italy shivers. Armageddon is upon us.

Why? Because Austria is dissatisfied with a Serbian answer?

Inedible.

Because alliances are binding?

But so are treaties; and where is that of Berlin?

No! Because the day has come to wipe the slates, to lift the burdens, to rebaptize liberty in blood.

Because Teuton can not brook Slav. And conversely.

Because a groaning populace, so history tells, will grasp war as a relief and settle with whom survives.

—Louisville Herald.

## NEXT, THE INDIVIDUAL PRISON.

An alienist in New York calls Blackwell's Island a "pest house of psychic putridity" and says that while we throw fits of indignation when the cook puts the fish in the part of the icebox in which she puts the butter we completely see convicted persons herded together where the worst contaminate the best.

Well, what is the remedy. We have individual drinking cups to protect ourselves from germs of physical disease. Shall we have individual prisons? Persons who are at large in the world are thrown with all sorts of persons. Undoubtedly some who would otherwise be good are made by by contaminating association, but we cannot inaugurate the isolation of the individual as a quarantine against illness of body or morals or mind.—Frankfort State Journal.

In his campaign speeches President Wilson, to allay the fears of the workingmen, promised that "no legitimate American industry shall suffer under the Tariff a Democratic administration would enact. What important Northern industries have not suffered from the removal of Protection?"—Waverly (O.) News.

Now is a good time for "Coxey's Army" to mobilize and attack the free lunch counter.

## THEOSOPHICAL TEACHING ON HEREDITY.

"We inherit our bodies from our parents; but our characters are the heritage from our own past lives." So writes Dr. Lydia Ross in the August issue of The Theosophical Path in an article entitled The Theosophical Teaching on Heredity. She continues: "No law of inheritance could be more perfect in its comprehensive logic, its justice, and its opportunities. It is the ideal law before which all men stand equal and free to act. It rules out all attempts to prove that we have a just quarrel with conditions as we are where we have placed ourselves. . . . The Theosophic conception of heredity includes the physical, mental, and moral Karma both of the child and its relatives. Human nature is too complex to be measured by the rule of thumb. . . . In the alchemy of Soul Life, the elements of human nature have endless combinations of good and evil. . . . The clever child is something to be taken more seriously than a family compliment. Ability is always responsibility. . . . The individual's standard of evolution can be gaged by the expression of his creative quality—what he makes of life and of himself."

Democratic candidates for Congress next fall will not use the balance of trade statistics which, under the new Tariff law, are uniformly against this country, as a campaign document.—Des Moines (Ia.) Capital.

Paris and Berlin and Vienna, and even London may be destroyed before this month ends. The 1914 model war is something new under the sun.

## FOOLISH PHILOSOPHY.

Many a broadcloth man owes it to his calico wife. While the fool is asking advice the wise guy gets busy.

You never can tell. Many a man with a deep voice makes very shallow remarks.

Seeing is believing, so perhaps it is just as well that we can't see ourselves as others see us.

Even with the summer girl it's the little things that count such as bathing suits, for instance.

A woman feels that she has lost her grip when she can no longer twist a man around her little finger.

Another difference between a summer girl and the others is that she is sunburned in more places.

Also let not the ardent lover forget that when he puts a thousand kisses in his letter it may mean only eighty-three and a fraction per juryman.

If the ambitious young graduate really wishes to tackle a life work, let him undertake to educate his daddy.

## THE DAILY NOVELETTE.

Rained!  
Upon his bended knees  
He prayed for rain—  
The rain it came too late;  
Never again!

Ponsonby Clutch breathed hard as he looked from the ground that his own hands had tilled so laboriously to the smiling sky above.

Aye, smile, hard sky! Smile on!  
For three weeks there has been no drop of rain, no hint of grateful moisture to refresh the parching growing things in the baking earth!

Drouth for three long dry weeks. Drouth! Drouth! Drouth!  
Drouth!  
Drouth!

Ponsonby Clutch ground his teeth with helplessness.

"If it doesn't rain soon the labor of months will go for naught, naught!" he moaned.

II.

For four more days the skies continued to smile maliciously. Once or twice a small cloud ran mockingly across the blue.

Each morning Ponsonby Clutch looked at his dying vegetation and prayed for rain.

The heavens were cruel!

On the seventh day the thirteen tomato plants that Ponsonby Clutch, millionaire suburbanite, had planted in his little 4x6 garden were dead beyond mortal aid.

And on the eighth day it rained cats and dogs.—Louisville Times

## SIXTIETH YEAR

For Old Germantown Fair—Four Days, August 26th to 29th

Splendid Exhibit of Live Stock and Farm Products On the Program

(Monday's Lexington Herald.)  
The Old Reliable Germantown Fair, now in its sixtieth year, will be held at Germantown, Ky., August 26, 27, 28 and 29 and will give its patrons one of the best programs of the year. As the result of an oversight, the dates of the Germantown Fair were omitted from publication in the list of fair dates published in The Herald. The Blue Grass Farmer wants to see every agricultural and live stock fair in the State succeed, as nothing contributes more to arouse and maintain interest in the agricultural welfare of Kentucky than do the county fairs. The Germantown Fair was first started in 1854 and without a break has come down to the present date with a record, for entertainment, for live stock exhibits and display of the products of the garden, orchard and fields unsurpassed by any agricultural fair in the South.

Secretary Dan H. Lloyd will be pleased to give all information desired to those who will write. Any way send and get a catalogue and then go to Germantown prepared to spend the week with the generous and hospitable people of that community and you will not regret the going.

## NEW HOSPITAL

St. Elizabeth's, Covington, Thrown Open to the Public—Entire City Block Covered by Structure.

It is estimated that 15,000 persons old, young and middle aged, visited the new \$500,000 building of St. Elizabeth's Hospital in Covington on the opening day of the public reception Sunday afternoon.

For the first two hours after the doors of the new building were opened the crowds pushed through the main entrance on Eastern avenue as fast as the wide portal would permit.

There was a great crowd in front of the building when Circuit Judge Frank M. Tracy delivered a short address from the steps.

Following the opening address the visitors thronged through the tile-floored corridors of the new hospital where open doors afford a view of the well appointed wards, offices, operating rooms and other departments.

The four-story building covers an entire city block between Eastern avenue and Denver street and from St. Louis to Twentieth street. The hospital is fitted out anew. There are 270 beds for adults and 60 for children, besides 40 single rooms. Construction of the building was begun two years ago.

## A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Maysville woman's convincing statement:

Mrs. Dora Mefford, Maysville, Ky., says: "I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long I was a great deal better. I was able to sleep well and they improved my health."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mefford had. Foster-Milburn Co., Props., Buffalo, N. Y.

Managers of the ninety-eight Western railroads involved in the contemplated strike of engineers and firemen, it is unofficially reported, will heed President Wilson's plea for peace.

The royal naval reserves have been called upon by the British Admiralty for service. This is interpreted to mean that the British navy will be engaged soon.

Attacks upon the policy of the Trade Commission Bill by Senator Shields, of Tennessee, and others delayed a vote on the measure and amendments.

Let a man suffer a little pain and he will go around saying he feels as though some one were sticking a knife into his vitals.

Oklahoma will nominate candidates for United States Senator, Congress and State offices at a State-wide primary today.

## WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Logansport, Ind.—"My baby was over a year old and I bloated till I was a burden to myself. I suffered from female trouble so I could not stand on my feet and I felt like millions of needles were pricking me all over. At last my doctor told me that all that would save me was an operation, but this I refused. I told my husband to get me a bottle of Lydia E. Pinkham's Vegetable Compound and I would try it before I would submit to any operation. He did so and I improved right along. I am now doing all my work and feeling fine.

"I hope other suffering women will try my Compound. I will recommend it to all I know."—Mrs. DANIEL D. B. DAVIS, 110 Franklin St., Logansport, Ind.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## DEALING FAIR WITH THE RAILROADS

Washington, August 1.—Five per cent increases in freight rates between Buffalo and Pittsburgh and the Missouri line were granted today by the Interstate Commerce Commission in a decision in the Eastern advance rate case. All increases east of Pittsburgh and Buffalo were denied.

No increases were granted on lake and rail rates. All class rates within the Central Freight Association territory were advanced five per cent.

Commodity rates got a like advance excepting coal, coke, brick, tile, clay, starch, cement, iron ore and plaster.

#### THE HIGH COST OF WAR

Here is what the various nations now involved in the Austro-Servia muddle owe the bankers:

National Debt	Interest
Austria	
Hungary	\$3,612,389,000 \$144,496,000
France	6,286,435,000 192,762,000
Germany	1,224,158,000 41,981,000
Italy	2,614,183,000 92,145,000
Russia	4,507,071,000 180,283,000
Servia	135,886,221 6,115,000
England	3,389,577,000 101,060,000

Authoritative estimates of the cost of a general European conflict run as high as \$5,000,000,000. Should activities be protracted, this might be greatly increased.

#### HUNDREDS OF WOMEN

nowadays are entering the professions or business world and go to work day after day in bad health, afflicted with some female ailment, dragging one foot wearily after the other, working with an eye on the clock, and wishing for closing time to come.

Women in this condition should take Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. It has brought health and happiness to more women in America than any other remedy. Give it a trial.

#### WOMEN TO WEAR WHISKERS.

Berlin.—The women of the future will be bald and will wear long whiskers unless the feminist movement is abandoned, predicts Dr. Friedenthal of Berlin university.

Dr. Charles H. Mayo, of Rochester, Minn., was elected president of the clinical Congress of Surgeons of North America, in session in London.

#### JULY BEST

In C. & O. History — Two Million Tons of Coal Loaded.

(Huntington Herald-Dispatch)

The month of July was the best in the history of the Chesapeake & Ohio railroad company as far as coal loading was concerned, a total of 2,050,510 tons of coal being loaded in the West Virginia and Kentucky coal fields touched by that road.

The loading for the past month is an increase of 43,910 tons compared with the previous banner month, which was June this year, when 2,006,600 tons of coal was loaded.

While the great increase in coal loading is due to the great developments of the coal fields through which the Chesapeake & Ohio railroad passes the most of the credit undoubtedly belongs to J. Paul Stevens, the general superintendent of the system. As the result of his efficient efforts the coal loading records of the road have been broken three times during the time he has been at the head of the Central division. He has been untiring in his efforts to put the railroad in a position to take care of the fast developing coal fields in the Guyan Valley and Big Sandy districts and the unprecedented coal loading since he has been general superintendent shows that his work has not been in vain.

It is a paradox, but still  
It's truth, so please don't frown;

Paw—Anything a woman can't do with a hair pin, my son.

Said happy Mr. Breezy;  
"He says I'm a hard drinker, but

The way to cop success is to

#### CRYING FOR HELP

Lots of It in Maysville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed.

Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidney's cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys.

Read what Doan's have done for Maysville people.

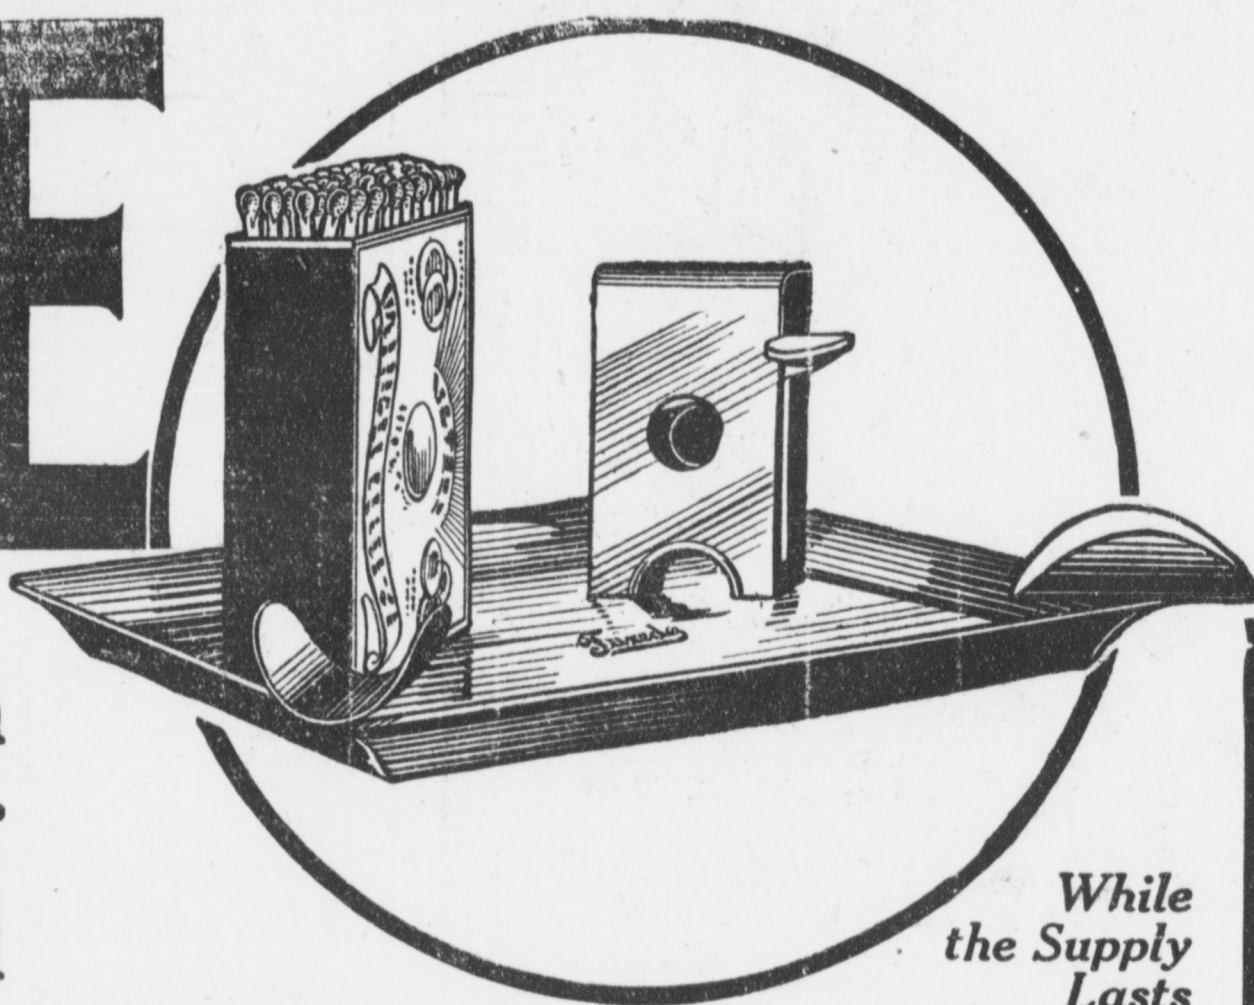

Lang Stevens, Maysville, Ky., says: "My kidneys were out of order and I had backache, which extended into my kidneys. The kidney action was irregular. Doan's Kidney Pills had been used in my family, so I gave them a trial. They helped me greatly."

Mr. Stevens is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Stevens had—the remedy backed by home testimony. 50c all stores. ### LETTER FROM RUGGLES

Camp Grounds Is Full of Interest and Shows Meeting a Great Success

Yesterday Was the Closing Day and Thousands Thronged the Grove

Ruggles Campgrounds, July 31, 1914. —Education was discussed this morning in a very able address by Rev. E. R. Overley who is here representing Union College. Campers at Ruggles are always glad to hear Brother Overley. They are pleased at the rapid strides he has made in the ministry. All were surprised and delighted with his address this morning. As introductory to this address, Dr. Bunton, who is connected with the Conference Board of Education, gave some interesting facts concerning Union College. He showed why our Methodists should support this fine school. Rev. Overley has secured some students while with us who will be found in Barboursville at the opening of Union College for the next term.

The campfire girls in full Indian costume, attended the woman's meeting this afternoon by request. Miss Lottie Hoskins, chief of the tribe, gave a very interesting talk explaining their organization and the good it was accomplishing in keeping the girls together and in the church. She said the growth of the organization had been rapid and promised of being a great factor in the life of young girls. It is for the girls what the Boy Scouts is for the boys.

Dr. Bunton's theme this afternoon was the "Second Coming of Christ." Every dress gets better and we are regretting that there is but one more to come. Many souls are being helped into a better life at these young people's meetings.

We are promised the "Sunshine" choir, as the children's choir has been named, for the Saturday evening's service. These little ones can sing well and the people delight to hear them. If we could have put off taking the census until Saturday it would have exceeded 450 easily for there has been a stream of folks come in today to remain until the close. The following from Maysville came today:

Misses Couch, Emma Nolin, Laura Farrow, Edith Chambers, Mrs. C. H. Farrow, Henry Farrow, Franklin Slye, John Robert Curry, "Ty" Cobb, and B. D. Bryant and family.

Miss Mary Valentine of Plumville is here for the rest of the meetings, the guest of Miss Rena Mae Coryell. Miss Edna Wallace of Georgetown is here the guest of Miss Laura Farrow.

Mr. and Mrs. Sam Pollitt of Vanceburg spent the day with us today.

### MARRIAGES.

Saturday afternoon Squire Bauer, united in marriage Mr. Morris McDonald of the East End and Miss Mabel Eakin of Weston, W. Va. The bride is a niece of Mr. W. G. Curtis, a horse trainer of this city.

### MR. AND MRS. W. H. COX'S LONG MOTOR TRIP.

Former Lieutenant Governor W. H. Cox, now of Louisville, was in Maysville Saturday on business, he having just returned from Boston, Mass., where he and his wife visited their daughter, Mrs. Clayton Earle Wheat, for the past six weeks. Mr. and Mrs. Cox motored from Louisville to Boston, detouring in the journey to visit a score of cities and points of interest. The entire distance traveled going was 2,800 miles. Gov. Cox says he wore out three sets of tires. Mr. Cox returned to Louisville by train, Mrs. Cox remaining for a more extended visit with her daughter.

The business man who will spare a few minutes of his time to the photographer of today will please his entire family. His portrait produced by present day methods of photography will be an agreeable surprise—it's done so quickly and cleverly.

### A. F. THAVIU, MUSICAL DIRECTOR

Thaviu, the Russian band director, who will appear at the Blue Grass Fair, August 3 to 8, with his famous band is a director of international fame, and a man of many artistic attainments. Born in Russia he had early training that fitted him for his life work. He came to America at a time when there was a great need of sane band leaders, and he has since been rapidly climbing the ladder of fame until at the present time he stands on the topmost rung. Thaviu is an artist to his finger tips. As a cornet virtuoso he is in the foremost rank. His band is composed of a sprinkling of all nations. The temperamental element from foreign shores is held in check by the cooler musicians of American extraction, so that his band is an organization without a peer in America. As a program maker, Thaviu has no rival. He combines a mingling of the classic, the semi-classic with the popular, in such a manner that all classes and conditions of people are pleased. The stickler for the classic is pleased, and those who love to have their ears tickled with the latest popular airs are also pleased, and all without offending the taste of the most discriminating.

Accompanying Thaviu is a company of singers who offer excerpts from the more popular grand operas. Each singer is trained and the intelligent interpretation of these operas is a treat to all who love the best music. The coming of Thaviu's band will be a real treat to all music lovers. His repertoire is without limit. His library contains thousands of dollars' worth of music from the most erudite to the very latest song that is being sung throughout the country.

### "THE MILLION DOLLAR MYSTERY"

Representatives of all the important daily newspapers in New York, as well as of the several motion picture trade papers, to the number of almost two score, crowded into the little projection room of the Mutual Film Corporation's offices at Sixth avenue and Twenty-third street, Tuesday afternoon, June 23rd., to see some of the early releases in the tremendous new serial, "A Million Dollar Mystery" which has been made by the Thanhouser Company.

The verdict seems to be: "Guilty as stated in the indictment," and the indictment as represented by the Thanhouser Company's extraordinary advance advertising campaign, was that "The Million Dollar Mystery" was the biggest and best serial ever attempted and a set of motion pictures that would establish a record for this class of productions.

"The Million Dollar Mystery" the last scenes of which were filmed a few days before the first release was made on Monday, June 22nd., after months of patient work by the Thanhouser players, is to be offered in 26 episodes, each episode comprising two reels for release weekly on successive Mondays.

The scenario is by Lloyd F. Longnecker from a story by Harold McGrath. To Harold Hansel was assigned the big task of directing the production. To begin with, MacGrath and Longnecker are said to have drawn down a record price for the story and scenario. Then the pick of the Thanhouser players including the highest salaried people on the payroll, were cast in the action and the matter of expense was not considered in the making of the

production. And finally, a publicity scheme with the \$10,000 prize offer broad enough to embrace every section of the universe in which motion pictures are shown and enjoyed, and expensive enough to dwarf anything which had been attempted before, was devised.
